Revision Resources!

This is the time where your attention turns to your end of year exams!

Using the revision guides on the website, you should build your own revision resources to help you revise.

Everybody is different when it comes to revision, so there is not really one way to go about revising. Our suggestion as an RE department is that you look at what you need to know for the end of year exams and then start creating flashcards, lists or mindmaps with the relevant information on them.

You can then use these to read the information and commit it to memory and you could also ask a friend or family member to test you on what information is on the cards.

Finally, another good revision tip is to look at some past explanation and evaluation questions you have done this year and re-do them perfectly! This will help you to perfect the style and format of writing certain answers. Good luck and happy revising!

### **Yr9 Term 6**

Free choice: Put forward a topic to your teacher to be discussed on Edmodo. The topic that receives the most votes will be the one selected!

## **Yr10 HA Enrichment:**

Edmodo debates:

### **Yr10 Term 1:**

“If God was all loving, hell would not exist”.

### **Yr10 Term 2:**

“Being a nun or a monk in a monastery is an effective way of living out the Kingdom values”

### **Yr10 Term 3:**

“Euthanasia is never right and it should remain illegal in the UK”

### **Yr10 Term 4:**

“The Eucharist is the body and blood of Jesus, it is not meant to be a symbol”

### **Yr10 Term 5**
